REVISED
NOVEMBER 4, 2016

Federal Emergency Management Agency
NOTICE TO
FLOOD INSURANCE STUDY USERS

Communities participating in the National Flood Insurance Program have established repositories of flood hazard data for floodplain management and flood insurance purposes. This Flood Insurance Study (FIS) may not contain all data available within the repository. It is advisable to contact the community repository for any additional data.

The Federal Emergency Management Agency (FEMA) may revise and republish part or all of this Preliminary FIS report at any time. In addition, FEMA may revise part of this FIS report by the Letter of Map Revision (LOMR) process, which does not involve republishing or redistribution of the FIS report. Therefore, users should consult community officials and check the Community Map Repository to obtain the most current FIS components.

Initial Countywide FIS Effective Date: July 17, 2012

Revised Countywide FIS Effective Date: July 16, 2015

Revised Countywide FIS Effective Date: November 4, 2016
TABLE OF CONTENTS – Volume 1 – November 4, 2016

1.0 INTRODUCTION
   1.1 Purpose of Study 1
   1.2 Authority and Acknowledgments 1
   1.3 Coordination 7

2.0 AREA STUDIED
   2.1 Scope of Study 9
   2.2 Community Description 25
   2.3 Principal Flood Problems 25
   2.4 Flood Protection Measures 33

3.0 ENGINEERING METHODS
   3.1 Hydrologic Analyses 38
   3.2 Hydraulic Analyses 62
   3.3 Coastal Hydrologic Analyses 69
   3.4 Coastal Hydraulic Analyses 78
   3.5 Vertical Datum 140
